Statement of Patient Awareness and Responsibility

- I am aware that any therapy, no matter how well designed and carried out, may fail to alleviate my symptoms and improve my health.
- I agree to make every effort to pursue the program mutually agreed upon with my physician.
- I expect to be informed of those therapies most relevant to my condition, both conventional and alternative, realizing that I have the choice to accept, refuse or terminate them at any point.
- I understand that unforeseen difficulties may arise in the course of my treatment.
- I am responsible to seek professional medical attention from a medical or naturopathic doctor employed at the Institute for Progressive Medicine, or another facility for any worsening of my condition, including consideration of hospitalization, invasive procedures or treatment in the emergency room.
- I am aware that many medical conditions require additional treatment and that follow-up visits are often necessary.
- I am aware that I will not be told to avoid seeing other physicians. I understand that I may be referred to another physician for treatment and that other options of medical care are available to me.

I have read, understand and agree to IPM's Notice of Health Information Practices and Statement of Awareness and Responsibility above.

IPM Office Policy

We recognize and appreciate that health care can involve a major financial commitment. We aim to provide you with effective services and treatments. As a patient of the Institute for Progressive Medicine, you are responsible for the total charges incurred for each visit or any balances. Charges for cash services are to be paid at the time of each visit. All patients are required to complete the following forms: 1) IPM New Patient Packet, 2) IPM Physician-Patient Arbitration Agreement 3) IPM Patient Private Contract. These documents must be completed and signed before a patient may see a doctor or receive any service at IPM.

IPM does not accept medical insurance plans for services rendered at our facility. If you have any questions about our payment policy, please contact reception. If you have private insurance our office staff may provide you with the necessary paperwork (super-bill, procedure and diagnosis codes) that you will need to submit for reimbursement to your insurance company. Most insurance companies do not cover integrative or alternative medical services. You have the primary relationship with your insurance company and you are responsible for the total amount owed at the time of your visit. Unfortunately, due to Medicare regulations, IPM is unable to provide superbills or billing assistance for reimbursement for patients who have Medicare or Medicare Advantage plans.

We are committed to providing timely and exceptional care to our patients. Unfortunately, when one patient cancels without giving enough notice, they prevent another patient from being seen. Please call reception at least 24 hours in advance of your appointment for any changes or cancellations. To change or cancel a Monday appointment, please call us before 12:00pm on Friday. If prior notification is not given, there will be a \$50.00 charge missed appointments or appointments cancelled without enough notice.

We make every effort to see all scheduled appointments; however, we reserve the right to reschedule your appointment if you arrive more than 15 minutes after your scheduled appointment time, or in case of emergency.

I have read, understand, and agree to the IPM Office Policy above.

IPM Prescription Medication Policy

Prescription medication may be recommended and prescribed by a physician at the Institute for Progressive Medicine. All prescription medications present a potential risk of side effects which may or may not be noticeable to the patient. Side effects may be compounded or worsened when using multiple medications. For this reason, their use must be monitored by a physician. Our policy on prescription refills exists to comply with federal drug regulations and to protect the health of our patients.

- No patient will receive a prescription refill unless he or she has been seen in person by a physician
 at the Institute for Progressive Medicine within the last 12 months. If you have not been seen by a
 physician at IPM within this time, you will be required to be seen in-person by an IPM physician
 before a refill can be granted by our staff.
- Under certain circumstances our physicians may require a patient to be seen in-person before a refill can be given; even if it has been 6 months or less since the last office visit.
- When requesting a refill, please do not call our office. Instead, request that your pharmacy fax a
 prescription refill request to us at 949-600-5101. Allow up to 72 hours for our medical staff to
 respond to refill requests from your pharmacy.

Laboratory Billing Information

Our doctors may order laboratory or other diagnostic testing for you. Most testing will be sent to an outside laboratory for processing and billing. It is your choice to receive laboratory testing recommended by your doctor. The fee for collection of samples at IPM to be sent to an outside laboratory is \$25.

Outside laboratories are usually contracted with most major insurance plans, so they may bill your insurance for you. Please make sure you provide your current insurance information to our staff so that it can be forwarded to the lab for billing purposes.

It is the patient's responsibility to understand their individual insurance policy and coverage. If you are unsure about coverage for a particular test or procedure, please contact your insurance company directly.

IPM Patient Arbitration Agreement

Article 1: **Agreement to Arbitrate:** It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by California law, and not by a lawsuit or resort to court process except as California law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

Article 2: **All Claims Must Be Arbitrated**: It is the intention of the parties that this agreement shall cover all claims or controversies whether in tort, contract or otherwise, and shall bind all parties whose claims may arise out of or in any way relate to treatment or services provided or not provided by the below identified physician, medical group or association, their partners, associates, associations, corporations, partnerships, employees, agents, clinics, and/or providers (hereinafter collectively referred to as "Physician") to a patient, including any spouse or heirs of the patient and any children, whether born or unborn, at the time of the occurrence giving rise to any claim. In the case of any pregnant mother, the term "patient" herein shall mean both the mother and the mother's expected child or children.

Filing by Physician of any action in any court by the physician to collect any fee from the patient shall not waive the right to compel arbitration of any malpractice claim. However, following the assertion of any claim against Physician, any fee dispute, whether or not the subject of any existing court action, shall also be resolved by arbitration.

Article 3: **Procedures and Applicable Law:** A demand for arbitration must be communicated in writing by U.S. mail, postage prepaid, to all parties, describing the claim against Physician, the amount of damages sought, and the names, addresses and telephone numbers of the patient, and (if applicable) his/her attorney. The parties shall thereafter select a neutral arbitrator who was previously a California superior court judge, to preside over the matter. Both parties shall have the absolute right to arbitrate separately the issues of liability and damages upon written request to the arbitrator. Patient shall pursue his/her claims with reasonable diligence, and the arbitration shall be governed pursuant to Code of Civil Procedure §§ 1280-1295 and the Federal Arbitration Act (9 U.S.C. §§ 1-4). The parties shall bear their own costs, fees and expenses, along with a pro rata share of the neutral arbitrator's fees and expenses.

Article 4: **Retroactive Effect:** The patient intends this agreement to cover all services rendered by Physician not only after the date it is signed (including, but not limited to, emergency treatment), but also before it was signed as well.

Article 5: **Revocation:** This agreement may be revoked by written notice delivered to Physician within 30 days of signature and if not revoked will govern all medical services received by the patient.

Article 6: **Severability Provision**: In the event any provision(s) of this Agreement is declared void and/or unenforceable, such provision(s) shall be deemed severed therefrom and the remainder of the Agreement enforced in accordance with California law. I understand that I have the right to receive a copy of this agreement. By my signature below, I acknowledge that I have received a copy.

NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL. SEE ARTICLE 1 OF THIS CONTRACT.
